She stated that the expansion is necessary to continue and expand the in-house operation of their current railroad contract work. The HCFFC will serve as forum to bring together diverse food-related sectors for discussion and coordination of community wide efforts to improve access to locally grown healthy foods, examine how food systems operate, and develop strategies for improvement. They will seek grant funding for their activities and are not requesting county funding. Anthony presented a proposed resolution to levy property taxes to finance the 2016 budget of Harvey County exceeding the amount levied to finance the 2015 budget as adjusted to reflect changes in the CPI. This resolution is statutorily required to be passed prior to adopting a budget supported by such levy. Commissioner Westfall pointed out and quoted one of the paragraphs from the resolution; "Whereas, the 2015 Kansas State Legislature failed to fulfill its obligations in regard to statutory funding of demand transfers, has significantly limited state revenue sharing payments to counties, has previously taken action to phase out the County's Mortgage Registration Fee revenues, and in turn, has contributed to higher county property tax levies to finance the 2016 Harvey County budget." Commissioner Krehbiel made a motion to approve **Resolution No. 2015-12**, expressing the tax policy of the Board of Harvey County Commissioners with respect to financing the annual budget for 2016. Commissioner Westfall seconded the motion and it was passed unanimously.

The budget vote will be published per statutory requirement with a mill levy increase.

An additional 14 mobile units are needed for Road & Bridge vehicles at a cost of \$25,500.00. The cost will be paid from the R&B operating budget instead of trying to amend the lease agreement. Commissioner Krehbiel made a motion to waive the purchasing policy and purchase the 14 additional mobile units from Motorola for \$25,500.00. Commissioner Westfall seconded the motion and it was passed unanimously.

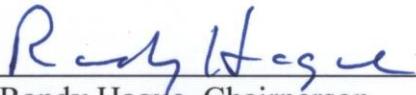

The meeting was adjourned at 11:40 a.m.
