

## ESF 11 - Agriculture and Natural Resources

### **Coordinating Agency:**

Harvey County Extension Office

### **Primary Agency:**

Harvey County Extension Office

### **Support Agencies:**

Adjutant General's Office, Kansas Division of Emergency Management

Harvey County Emergency Management

Harvey County Health Department

Harvey County Planning and Zoning/Environmental

Harvey County Road & Bridge

Kansas Department of Agriculture

Kansas Department of Health and Environment

Kansas Department of Wildlife and Parks

Kansas Division of Emergency Management

Kansas Forestry Service

Kansas Water Office

State Animal Response Team (SART)

## **I. Purpose and Scope**

### **A. Purpose**

1. ESF 11 provides the mechanism for coordinated local assistance to supplement other emergency support functions and, if available, support state and federal agencies with overall response authority. For this document, agriculture and natural resources include: animal and plant health, nutrition assistance, food protection, natural and cultural resources, and water quality and availability.

### **B. Scope**

1. ESF 11 addresses the following:
  - a. Describes food and water security and inspections in the aftermath natural or technological disaster.
  - b. Addresses how natural and cultural resources will be protected and recovered in the aftermath of a disaster.
  - c. Due to limited local authorities in the areas of food contamination, plant pests, and animal disease, this plan references the Food and Agriculture Incident Annex that is attached to the Kansas Response Plan. This annex describes federal and state roles and authorities for food contamination, plant pests, and animal disease.

## II. Concept of Operations

### A. General

1. ESF 11 is organized consistent with the Harvey County EOC and the requirements of the National Response Framework, the National Incident Management System, and the Incident Command System. This structure and system supports incident assessment, planning, procurement, deployment, and coordination and support operations to Harvey County through the County Emergency Response Team, Area Operations and Regional Incident Management Teams (IMTs) to provide a timely and appropriate response to an emergency or situation.
2. Procedures protocols and plans for disaster response activities are developed to govern staff operations at the Harvey County EOC and in the field. These are in the form of Emergency Operations Plans (i.e. Base Plan) and corresponding Appendices, Incident Annexes, Support Annexes and Standard Operating Guidelines, which describe ESF 11 capabilities. Periodic training and exercises are also conducted to enhance effectiveness.
3. In a large event requiring local or State mutual aid assistance, ESF 11 will work with its support agency counterparts to seek and procure, plan, coordinate and direct the use of any required assets.
4. Throughout the response and recovery periods, ESF 11 will evaluate and analyze information regarding the availability of ESF 11 support services.
5. In some agriculture emergencies, State and Federal law grants lead response authority to state and/or federal agencies. This authority will be exercised pursuant to the Food and Agriculture Incident Annex to the 2011 Kansas Response Plan. The county will support State and Federal operations pursuant to county policy and/or availability of resources.
6. Food and Water Supply
  - a. The Kansas Department of Agriculture is responsible for inspections and provision of a safe food supply. To provide safety and security of the food supply, the Kansas Department of Agriculture will follow established agency standard operating guidelines for food inspection.
  - b. All transportation accidents involving food must be reported to the Kansas Department of Agriculture Food Safety Division before the food can be transported (Daytime: 1-785-296-5600, Nights and Weekends: 1-800-915-6163)
  - c. The Kansas Department of Health and Environment is responsible for inspections of the water supply. To provide safety and security of the water supply, the Kansas Department of Health and Environment will follow established agency standard operating guideline for water inspections.

- d. Although volunteer agencies providing mass care services normally have the ability to provide food and water to both individuals affected by the event and those in emergency shelters, a major disruption to supplies of water or food may create a need to provide both acquisition and logistical support to the volunteer agencies. Public and private schools, hospitals and other institutions may have facilities available to conduct mass feedings if necessary. The federal government may also provide assistance in the bulk distribution of disaster food supplies and/or food stamps during major emergency events.

The Harvey County EOC will work closely with local volunteer agencies to determine the emergency food and water needs of the affected population (i.e., the number of people in need of food and water and their locations). The Harvey County EOC will work to ensure adequate logistical support is provided to the volunteer agencies to obtain and distribute food and water supplies to the affected population.

The volunteer agencies will consider both stationary and mobile feeding operations based on the needs of the situation. If required by the event, the EOC will coordinate with the volunteer agencies to determine suitable food preparation facilities to use for mass feeding. In most events, Harvey County will use the capabilities of the many volunteer agencies with emergency feeding capabilities (e.g., Salvation Army Canteens and others). If the situation warrants, the lead and support agencies in the Harvey County EOC will work closely with state and federal agencies to ensure the coordination of bulk food distribution and the issuance of disaster food stamps.

## 7. Animal Health Care

- a. Requests for Animal Control assistance will be channeled through the Harvey County Harvey County Communications.
- b. Animal Health Care
  - a) Requests for Animal Control assistance will be channeled through the Harvey County Communications. Harvey County Animal Response Team is a recently-formed volunteer agency. As HCART grows, many of the functions and responsibilities in this section will be taken on by these volunteers. In the meantime, Harvey County will rely upon assistance from the Kansas State Animal Response Team based in Wichita.

The county has a local capability for providing expedient health services to injured response animals, pets and livestock that includes local veterinary hospitals & clinics. Animal control services have a very limited capability to transport injured animals to veterinary relief facilities. Assistance with animal transportation may be available from surrounding counties through established mutual support agreements. Local & state Veterinary Medical Associations may also be able to provide listings of available transportation resources. In addition, ESF-6 Mass Care, Housing and Human Services, along local veterinarians and the Humane

Society can coordinate with the American Red Cross to pick up any animals arriving at Red Cross shelters and transport them to kennels or other temporary holding facilities.

Specialized facilities (i.e., animal shelters, veterinary hospitals & clinics, boarding facilities, etc.) are responsible for making their own arrangements for emergency energy sources to provide proper environmental conditions, food & water to highly vulnerable animal populations.

Families are encouraged to prepare all of their family members for disaster situations. Local veterinarians can assist in educating pet owners of the need to prepare by distributing brochures and fliers on disaster preparedness for pets. Pet owners can assist locating lost or missing pets by providing a description or picture of the lost animal.

Livestock owners are responsible for preparing for adverse weather conditions. When livestock feeding is beyond the owner's capabilities, the county must commit all local resources prior to requesting assistance from the State.

To the extent possible, HCART and the KS State Animal Response Team will coordinate efforts to meet any additional or unforeseen circumstances. Critical supplies will be available either locally or regionally. Should additional critical supplies be needed, local & state Veterinary Medical Associations can provide listings of resources available and assistance with their procurement and delivery.

In general, physical methods of euthanasia will be in accordance with established city Animal Control guidelines. Where large numbers of livestock or pets are involved, these procedures may have to be modified, but will adhere, to the extent possible, to guidelines for humane euthanasia of animals.

Local law enforcement will assist local veterinarians if the decision is made to employ euthanasia for critically injured animals. Law enforcement officials may have to make these decisions in the early part of the disaster before animal medical care specialists are available. The primary job of law enforcement is the protection of emergency responders and disaster victims. As such, decisions may have to be made that would require putting down animals that may create a danger to responders or victims.

Unclaimed animals or situations where the owners are unavailable require special consideration. To the extent possible, local Animal Control officers will retain this responsibility within their own jurisdictions. Should the problem exceed local capability, assistance may be available from surrounding counties through established mutual support agreements. If additional resources are required, local & state chapters of the Veterinary Medical Association and the Humane Society may also be able to assist with locating & obtaining these services.

If the event, there may be a need to dispose of contaminated carcasses and other materials using expedient burial operations, the land used for such burials must meet environmental requirements and should be as close as possible to the exposed area. If needed, land purchases may

need to be made to secure adequate disposal sites. Pre-identified burial sites have been approved by the Kansas Department of Health and Environment. Listing of these sites are kept on file in the office of Harvey County Emergency Management.

8. Incident Specific Operations-Incident Specific Operations - Management of animal and plant disease will include implementing an integrated response to an outbreak of a highly contagious or economically devastating animal/zoonotic disease. ESF 5-Emergency Management coordinates with ESF 8-Public Health and Medical Services and the Kansas Department of Agriculture/Division of Animal Health in the event of disasters of this nature. The Kansas Department of Agriculture, in coordination with the USDA, is also for eradication of highly infective exotic plant disease, or economically devastating plant pest infestation.

The criteria for determining staging areas, movement of resources, transportation, communications, capabilities, storage and security are found in the appropriate ESF's to this Plan.

Prioritization and relocation of essential resources, and assistance to disaster victims is provided in ESF 7-Resource Support.

There may be a need to dispose of contaminated animal carcasses and other materials using expedient burial operations. The land used for such burials must meet environmental requirements and should be as close as possible to the exposed area. For animal/veterinary/wildlife disease response emergencies reference the Foreign Animal Disease Plan Incident Annex summary. The Cowley County FAD Plan is maintained under separate cover and is designated "For Official Use Only".

- a. Zoonotic. The Kansas Division of Animal Health, in coordination with local authorities, is responsible for control and eradication of an outbreak of a highly contagious or economically devastating animal/zoonotic disease.
- b. Radiological incident where contamination/deposition is present
  - i. The Kansas Department of Agriculture may implement an agriculture control zone in response to a CBRNE incident.
- c. Plant Disease
  - i. Reference the Food and Agriculture Incident Annex to the 2011 Kansas Response Plan.
  - ii. The Harvey County Emergency Operations Plan provides established processes for resource support for all hazards. Resource support is subject to Harvey County policy, resource availability and capability status.

d. Plant, Pest or Disease

- i. Reference the Food and Agriculture Incident Annex to the 2011 Kansas Response Plan.
- ii. The Harvey County Emergency Operations Plan provides established processes for resource support for all hazards. Resource support is subject to Harvey County policy, resource availability and capability status.

e. Foreign Animal Disease

- i. The Kansas Department of Agriculture will provide direction and control in a FAD event. Reference the Food and Agriculture Incident Annex to the 2011 Kansas Response Plan
- ii. The Harvey County Emergency Operations Plan provides established processes for resource support for all hazards. Resource support is subject to Harvey County policy, resource availability and capability status.

9. National or State Historical - The county will take every effort possible to protect cultural resources and historical properties through mitigation efforts.

B. Direction and Control

1. The ESF 11 Coordinating Agency is Harvey County Extension Office which is appointed by the Harvey County Emergency Management , in coordination with local planning partners. The staff serving as ESF 11 Coordinator is appointed by and located in the Harvey County Extension Office. When ESF 11 support is necessary, the ESF 11 Coordinator coordinates all aspects of ESF 11.
2. ESF 11 complies with the National Response Framework, and the National Incident Management System (NIMS). The NIMS guides the direction and control system adopted by the Harvey County Emergency Management , which functions as the official disaster prevention, protection, response, preparedness, recovery, and mitigation organization within Harvey County.
3. The ESF 11 may operate at two levels: 1) Harvey County EOC; and 2) Field operations
4. During emergency activations, all management decisions regarding agriculture and natural resources for Harvey County are made at the Harvey County EOC by the ESF 11 coordinator. Under the Incident Command System structure, the Planning, Logistics, Finance/Administration, and Operations Sections at the Harvey County EOC assist the incident commander in carrying out the overall mission.
5. In accordance with a mission assignment from ESF 11, each primary and/or support organization assisting ESF 11 will retain administrative control over its own resources and personnel, but will be under the operational control of ESF

11. Delegation of mission operational control may be delegated to the field by the Harvey County EOC.

## C. Organization

### 1. County

- a. During an activation of the Harvey County EOC, primary and support agency staff is integrated with the Harvey County Extension Office staff to provide support.
- b. During an emergency or disaster event, the Harvey County EOC, Operations Section Chief will coordinate resource support with the Human Services Branch Chief.
- c. During the response phase, ESF 11 will evaluate and analyze information regarding volunteers and donations requests. ESF 11 will develop and update assessments of the requirements for resources in the impacted area and undertake contingency planning to meet anticipated demands and requirements.
- d. The Harvey County Extension Office, or an assigned designee at the Harvey County EOC, is responsible for all activity of the ESF. All volunteer animal-related agencies will coordinate directly with this ESF at the Harvey County EOC.
- e. Harvey County Extension Office will develop and maintain ESF 11 and accompanying Appendices, Annexes and Standard Operating Guidelines that govern response actions related to emergencies. However, support agencies may develop and maintain their own similar documents for internal use, which must be compatible with and in support of the overall Emergency Operations Plan. All such documents will be in compliance with the National Response Framework, the National Incident Management System, the Incident Command System and the Harvey County Emergency Operations Plan.
- f. Staffing of ESF 11 positions will be accomplished through using resources of the Harvey County Extension Office along with personnel from ESF 11 support agencies and trained and screened unaffiliated volunteers.

### 2. State of Kansas

- a. During an activation of the State of Kansas EOC, the Kansas Department of Agriculture is the designated lead agency for agriculture and natural resources and will provide a liaison to facilitate requests for ESF 11 resources to local Emergency Operations Centers.
- b. During an emergency or disaster event, the primary and support agencies of ESF 11 at the State of Kansas EOC will report to the Human Services

Branch Chief who reports to the Operations Section Chief under the overall direction of the SEOC Manager.

- c. The Kansas Department of Agriculture develops and maintains ESF 11 and accompanying Appendices, Annexes and Standard Operating Guidelines that govern response actions related to emergencies. Support agencies should develop and maintain their own similar documents for internal use, which must be compatible with and in support of the overall Emergency Operations Plan. All such documents will be in compliance with the National Response Framework, the National Incident Management System, the Incident Command System and the Harvey County Emergency Operations Plan

**D. Alerts and Notifications**

1. The Harvey County Extension Office and/or Harvey County Emergency Management will notify the County Warning Point (Harvey County EOC) when information comes to their attention indicating that an emergency or disaster situation is developing.
2. The County Warning Point (Harvey County EOC), will notify the “on call” Emergency Duty Officer and/or ESF Coordinator for ESF 11 when Harvey County has been threatened or impacted by an emergency or disaster event as provided in the County Warning Point procedure.
3. ESF 11 will be activated or placed on standby upon notification by the Harvey County EOC. The representatives or designees of the coordinating agency will manage the emergency activities of ESF 11. If additional support is required, the ESF 11 coordinating and primary agencies may jointly manage ESF 11 activities.
4. Upon instructions to activate or placement of ESF 11 on standby, Harvey County Extension Office will implement procedures to notify all ESF 11 planning team members and, if necessary, mobilize all personnel, facilities, and physical resources likely to be needed, based on the emergency circumstance.

**E. Actions**

1. Actions carried out by ESF 11 are grouped into phases of emergency management: Preparedness, Response, Recovery and Mitigation. Each phase requires specific skills and knowledge to accomplish the tasks and requires significant cooperation and collaboration between all ESF 11 agencies and the intended recipients of service.

<b>Overall Actions Assigned to All Members</b>	
<i>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Collect, process, and disseminate information to and from the EOC.
2	Participate in training, drills, and exercises.
3	Develop mutual aid and other support agreements with surrounding jurisdictions and the private sector.
4	Identify sources to augment emergency food and water supplies.

<b>Overall Actions Assigned to All Members</b>	
<i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Designate personnel to coordinate ESF-11 activities in EOC.
2	Provide and/or receive appropriate mutual aid with surrounding jurisdictions.
3	Secure supplies, equipment, personnel and technical assistance from support agencies, organizations and other resources to carry out the response plans associated with animal health or any act of agro terrorism.

<b>Overall Actions Assigned to All Members</b>	
<i>Recovery (Post Event) Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Continue to perform tasks necessary to expedite restoration and recovery operations.
2	Return borrowed resources and those obtained through agreement, lease, or rental when those resources are no longer required.
3	Participate in after action meetings and prepare after action reports as requested.
4	Restore equipment and restock supplies to normal state of readiness.

<b>Overall Actions Assigned to All Members</b>	
<i>Mitigation Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Participate in the hazard identification process and identify and correct vulnerabilities.
2	Participate in mitigation planning team meetings and work with local emergency management to promote community preparedness.

### III. Responsibilities

- A. The following list identifies the responsibilities designated to each agency/organization for this ESF. The Coordinating and Primary Agency and their responsibilities are listed first. The Supporting Agencies follow in alphabetical order.

<b>Coordinating: Harvey County Extension Office</b>	
<i>Mitigation Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Provide for surveillance of plant pests of unknown or questionable origin that may pose a potential threat to agriculture, horticulture, the economy or public health.

<b>Primary: Harvey County Extension Office</b>	
<i>Mitigation Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Provide for surveillance of plant pests of unknown or questionable origin that may pose a potential threat to agriculture, horticulture, the economy or public health.

<b>Supporting: Harvey County Emergency Management</b>	
<i>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</i>	
1	Maintain a central personnel roster, contact, and resource lists to support ESF-11 tasks.
2	Identify who is responsible for initial notification of ESF-11 personnel.
3	Identify responsibilities for liaison roles with state and adjacent county transportation officials.
4	Train personnel on EOC operation, the Incident Command System (ICS) and the National

	Incident Management System (NIMS).
5	Develop and maintain ESF-11 Annex.
6	Develop preparedness programs that address household pet preparedness and response during disasters.
7	Identify local agribusiness operators with equipment and personnel to assist with animal stop movement and quarantine activities.
8	Develop and review procedures for augmentation of ESF 11 primary and support personnel.
<b>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Manage the collection, processing, and dissemination of information between ESF -11 and EOC or incident command.
2	Participate in EOC briefings, incident action plans, situation reports and meetings to support ESF11.
3	Coordinate with ESF 15 and PIO to release public information regarding animal health issues.
<b>Recovery (Post Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Evaluate response and recommend changes to ESF-11 annex to correct shortfalls and improve future response activities.
2	Provide documentation for possible financial reimbursement process for recovery activities.
<b>Mitigation Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Provide ESF-11 representative for update of mitigation plan.

### **Supporting: Harvey County Health Department**

<b>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Coordinate with ESF 15 and PIO to release public information regarding animal health issues.
<b>Mitigation Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Provide surveillance for a foreign animal disease or an animal borne poison or toxin that may pose a threat to the animal industries, the economy or public health.
2	Provide for surveillance of plant pests of unknown or questionable origin that may pose a potential threat to agriculture, horticulture, the economy or public health.

### **Supporting: Harvey County Planning and Zoning/Environmental**

<b>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Conduct inspections of food and water to determine safety for people and animals.

### **Supporting: Harvey County Road & Bridge**

<b>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Identify responsibilities for liaison roles with state and adjacent county transportation officials.

### **Supporting: Kansas Department of Agriculture**

<b>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Develop standard operating guides and checklists to support ESF-11 activities.
2	Identify local agribusiness operators with equipment and personnel to assist with animal stop movement and quarantine activities.
<b>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Conduct inspections of food and water to determine safety for people and animals.
<b>Mitigation Actions for ESF 11 - Agriculture and Natural Resources</b>	

1	Promote awareness of animal protection through public education brochures and information.
---	--

<b>Supporting: Kansas Department of Health and Environment</b>	
<b><i>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Identify local agribusiness operators with equipment and personnel to assist with animal stop movement and quarantine activities.
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Conduct inspections of food and water to determine safety for people and animals.
<b><i>Mitigation Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide surveillance for a foreign animal disease or an animal borne poison or toxin that may pose a threat to the animal industries, the economy or public health.
2	Provide for surveillance of plant pests of unknown or questionable origin that may pose a potential threat to agriculture, horticulture, the economy or public health.

<b>Supporting: Kansas Division of Emergency Management</b>	
<b><i>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Develop standard operating guides and checklists to support ESF-11 activities.
2	Identify local agribusiness operators with equipment and personnel to assist with animal stop movement and quarantine activities.

<b>Supporting: State Animal Response Team (SART)</b>	
<b><i>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Develop preparedness programs that address household pet preparedness and response during disasters.
2	Identify pet boarding facilities and private organizations that may provide emergency shelters for animals.
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide assistance to established pet shelters.
2	Support ESF 6 in the capture and transfer of animals to shelters.
3	Coordinate the removal and disposal of dead animals.
4	Manage and direct evacuation of animals from risk areas and provide technical assistance to prevent animal injury and the spread of disease.
5	Investigate and respond to animal related inquiries, including animal cruelty and neglect complaints.
<b><i>Mitigation Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Promote awareness of animal protection through public education brochures and information.

<b>American Red Cross</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>Burton CFD #5</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>Burrton Police Department</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.
2	Enforce local animal control ordinances.

<b>City of Burrton</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>City of Halstead</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>City of Hesston</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>City of Newton</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>City of North Newton</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>City of Sedgwick</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>City of Walton</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>Halstead Fire/EMS Department</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>Halstead Police Department</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.
2	Enforce local animal control ordinances.

<b>Harvey County Administration</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Coordinate with ESF 15 and PIO to release public information regarding animal health

	issues.
<b>Recovery (Post Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Provide documentation for possible financial reimbursement process for recovery activities.

<b>Harvey County Communications</b>	
<b>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Identify who is responsible for initial notification of ESF-11 personnel.
<b>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Provide field support for emergency responders at the scene.

<b>Harvey County Sheriff Office/Detention Center</b>	
<b>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Identify responsibilities for liaison roles with state and adjacent county transportation officials.
<b>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Enforce local animal control ordinances.

<b>Hesston Fire/EMS Department</b>	
<b>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Provide field support for emergency responders at the scene.

<b>Hesston Police Department</b>	
<b>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Provide field support for emergency responders at the scene.
2	Enforce local animal control ordinances.

<b>Kansas Department of Agriculture, Division of Water Resources</b>	
<b>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Develop standard operating guides and checklists to support ESF-11 activities.
2	Identify local agribusiness operators with equipment and personnel to assist with animal stop movement and quarantine activities.
<b>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Conduct inspections of food and water to determine safety for people and animals.

<b>Kansas Department of Health and Environment, Division of Environment</b>	
<b>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Identify local agribusiness operators with equipment and personnel to assist with animal stop movement and quarantine activities.

<b>Kansas Department of Transportation</b>	
<b>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Identify responsibilities for liaison roles with state and adjacent county transportation officials.

<b>Kansas Highway Patrol</b>	
<b>Preparedness (Pre-Event) Actions for ESF 11 - Agriculture and Natural Resources</b>	
1	Identify responsibilities for liaison roles with state and adjacent county transportation officials.

<b>Newton Fire/EMS Department</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>Newton Police Department</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.
2	Enforce local animal control ordinances.

<b>North Newton Police Department</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.
2	Enforce local animal control ordinances.

<b>Sedgwick Fire/EMS Department</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>The Salvation Army</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.

<b>Walton Police Department</b>	
<b><i>Response (During Event) Actions for ESF 11 - Agriculture and Natural Resources</i></b>	
1	Provide field support for emergency responders at the scene.
2	Enforce local animal control ordinances.

#### **IV. Financial Management**

- A. ESF 11 is responsible for coordinating with Harvey County Administration to manage ESF 11 expenses relevant to an event.
- B. During a response, each agency/department funds disaster operations from their current operating budget and are responsible for recording and tracking agency expenditures. If a federally declared disaster exists, each agency is responsible for seeking reimbursement in accordance to the formula has established by the Federal Emergency Management Agency via the FEMA/State Agreement.
- C. Expenditures by support entities will be documented by those entities and submitted directly to the Harvey County Administration or a designated Finance Service officer as soon as possible.
