Kansas Bureau of Investigation
Kansas Department of Wildlife and Parks
Kansas Highway Patrol
Newton Police Department
Sedgwick Police Department
Walton Police Department

I. Purpose and Scope

A. Purpose

1. The purpose of ESF 13 is to provide law enforcement coordination and support services in support of emergency events in Harvey County.

B. Scope

1. ESF 13 provides a mechanism for coordinating and providing support to local authorities to include law enforcement, public safety, and security capabilities and resources during potential or actual disaster/emergencies.
2. ESF 13 generally is activated in situations requiring extensive assistance to provide public safety and security and where local government resources are overwhelmed or are inadequate, or in pre-incident or post-incident situations that require protective solutions.
3. ESF 13 capabilities support incident management requirements including:
 - a. Force and critical infrastructure protection;
 - b. Security planning and technical assistance; and
 - c. Technology support and public safety in both pre-incident and post-incident situations.

- d. To create a county law enforcement emergency response that provides for the command, control, and coordination of law enforcement planning, operations, and mutual aid; and
- e. To coordinate dispatch and the use of county law enforcement and means of coordination with local government.

II. Concept of Operations

A. General

1. ESF 13 is organized consistent with the Harvey County EOC, the requirements of the National Response Framework, the National Incident Management System, and the Incident Command System. This structure and system supports incident assessment, planning, procurement, deployment, and coordination and support operations to Harvey County through the Harvey County Emergency Response Team, Area Operations and Regional Incident Management Teams (IMTs) to provide a timely and appropriate response to an emergency or situation.
2. Procedures, protocols and plans for disaster response activities are developed to govern staff operations at the Harvey County EOC and in the field. These are in the form of Emergency Operations Plan (i.e., Base Plan) and corresponding Appendices, Incident Annexes, Support Annexes and Standard Operating Guidelines, which describe ESF 13 capabilities. Periodic training and exercises are also conducted to enhance effectiveness.
3. In a large event requiring local or State mutual aid assistance, ESF 13 will work with its support agency counterparts to seek and procure, plan, coordinate and direct the use of required assets.
4. Throughout the response and recovery periods, ESF 13 will evaluate and analyze information requests to move people, materials, equipment and other resources as necessary; develop and update assessments of the Law Enforcement situation and status in the impact area; and undertake contingency planning to meet anticipated demands or needs.
5. When an event is focused in scope to a specific type or response mode technical and subject matter expertise may be provided by an appropriate person(s) from a supporting agency with skills pertinent to the type of event, who will advise and/or direct operations within the context of the Incident Command System structure.
6. Harvey County has approximately 90 certified law enforcement officers with the majority being full-time employees. Some are trained to a basic Hazardous Materials Awareness level. Some officers also have training in:

Anhydrous Ammonia and Methamphetamine Labs. There are no officers in Harvey County trained in explosive ordinance detection/disposal, aviation or in radiological monitoring.

The following are local resources in the field of law enforcement:

Local agencies across the State of Kansas, with leadership from the Kansas Highway Patrol, have a program called LEAD (Law Enforcement Assistance Deployment). LEAD is an organization to coordinate deployment of law enforcement resources under mutual aid in emergency incidents and planned events. LEAD agencies can report the number and type of resources they can deploy along with the length of deployment and travel distances.

7. The Harvey County Sheriff's Department provides law enforcement in the unincorporated areas of the county. Police departments in the cities Newton, North Newton, Hesston, Halstead, Sedgwick, Burrton and Walton provide law enforcement in their respective incorporated areas. The Harvey County Sheriff's Department can and will provide assistance in the incorporated areas of the county at the request of the Police Chief or Supervising Officer of the affected jurisdiction.

The city of Newton Police Department has patrol beats based upon how many personnel are on duty at any given time. Newton Police Department has set beats. Maps of the patrol beats are available are uploaded into the file archives section of this plan.

Each agency will establish public safety and security requirements based on the event. The use of mutual aid among the county agencies will be used at the request of the Incident Commander. Each agency can activate either part time, reserve or off-duty personnel if the conditions require it.

During large scale disasters, law enforcement has access to many local resources to assist in securing areas. Mutual aid agencies, fire departments, volunteers, State, County and City Public Works agencies can all provide manpower to assist if requested. These agencies can be called for aid during natural disasters, hazardous material and mass casualty incidents. For criminal acts and terrorism, other law enforcement agencies will be requested from the State of Kansas and the FBI to assist.

Local law enforcement, in coordination through ESF 13 may be asked or required to provide safety and security at the following location:

Emergency Operations Center: at the request of the Emergency Management Director;

- Field Command Posts: at the request of the Incident Commander

- Staging Areas: at the request of the Incident Commander

- Lodging and Feeding Facilities: at the request of the Incident Commander from facility

Personnel

- Public Shelter security will be handled first by the agency in which the shelter is located
- Registered sex offenders, parolees or other offenders required to report to local, state or federal law enforcement entities will not be treated any differently. Law Enforcement, in conjunction with ESF 6-Mass Care, Housing and Human Services will maintain a list of those housed at these facilities for reference purposes.
- Temporary morgues: security will be provided in conjunction with ESF 6 -Health and Medical Services
- Hospitals: Newton Medical Center will provide routine security for their own facilities. In the event of an actual or threatened criminal act, or whenever facility security forces are deemed insufficient to ensure safety, the Incident Commander will direct law enforcement agencies in providing the necessary security.

The Incident Commander, through use of law enforcement agencies, is responsible for the protection and safety of all emergency responders.

8. Continuity of operations -law enforcement agencies within Harvey County have unwritten Continuity of Operations Plans in the event of facility damage or failure. If personnel become overwhelmed, resources will be requested as noted above in the capabilities section to include mutual aid and LEAD agencies.

B. Direction and Control

1. The ESF 13 Coordinating Agency is Harvey County Sheriff Office/Detention Center which is appointed by the Harvey County Emergency Management , in coordination with local planning partners. The staff serving as ESF 13 Coordinator is appointed by and located in the Harvey County Sheriff Office/Detention Center. When ESF 13 support is necessary, the ESF 13 Coordinator coordinates all aspects of ESF 13.
2. ESF 13 complies with the National Response Framework, and the National Incident Management System (NIMS). The NIMS guides the direction and control system adopted by the Harvey County Emergency Management , which functions as the official disaster prevention, protection, response, preparedness, recovery, and mitigation organization within Harvey County.
3. The ESF 13 may operate at two levels: 1) Harvey County EOC; and 2) Field operations

4. During emergency activations, all management decisions regarding transportation for Harvey County are made at the Harvey County EOC by the ESF 13 coordinator. Under the Incident Command System structure, the Planning, Logistics, Finance/Administration, and Operations Sections at the Harvey County EOC assist the incident commander in carrying out the overall mission.
5. In accordance with a mission assignment from ESF 13, each primary and/or support organization assisting ESF 13 will retain administrative control over its own resources and personnel, but will be under the operational control of ESF 13. Delegation of mission operational control may be delegated to the field by the Harvey County EOC.

C. Organization

1. County

- a. During an activation of the Harvey County EOC, primary and support agency staff is integrated with the Harvey County Sheriff Office/Detention Center staff to provide support.
- b. During an emergency or disaster event, the Harvey County EOC/Operations Section Chief will coordinate the support resources from the support agencies with the Emergency Services Branch Chief.
- c. During the response phase, ESF 13 will evaluate and fulfill all valid requests for law enforcement resources. ESF 13 will complete and update assessments and contingency plans for the law enforcement support services deployed or anticipated in the incident area.
- d. The Harvey County Sheriff Office/Detention Center will develop and maintain ESF 13 and accompanying Appendices, annexes and Standard Operating Guidelines that govern response actions related to emergencies. Support agencies may develop and maintain supporting documents for agency use, which must be compatible with the overall Emergency Operations Plan. All such documents will be in compliance with the National Response Framework, The National Incident Management System, the Incident Command System and the Harvey County Emergency Operations Plan.

2. State of Kansas

- a. During an activation of the State of Kansas EOC, the Kansas Highway Patrol is the designated lead agency for State law enforcement and will provide a liaison to facilitate requests for State law enforcement resources to local Emergency Operations Centers.
- b. During an emergency or disaster event, the primary and support agencies of ESF13 at the State of Kansas EOC will report to the Emergency Services Branch Chief who reports to the Operations Section Chief under the overall direction of the SEOC Manager.

- c. During the response phase, ESF 13 will evaluate and analyze information regarding statewide law enforcement coordination and support requests. ESF 13 will develop and update law enforcement assessments and contingency plans to meet anticipated demands and needs.
- d. The Kansas Highway Patrol develops and maintains ESF 13 and accompanying Appendices, Annexes and Standard Operating Guidelines that govern response actions related to emergencies. Support agencies may develop and maintain similar documents for agency use, which must be compatible with and in support of the overall Kansas Response Plan. All such documents will be in compliance with the National Response Framework, the National Incident Management System, the Incident Command System and the Kansas Response Plan.

D. Alerts and Notifications

- 1. The Harvey County Sheriff Office/Detention Center and/or Harvey County Emergency Management will notify the County Warning Point (Harvey County EOC) when information comes to their attention indicating that an emergency or disaster situation is developing.
- 2. The County Warning Point (Harvey County EOC), will notify the “on call” Emergency Duty Officer and/or ESF Coordinator for ESF 13 when Harvey County has been threatened or impacted by an emergency or disaster event as provided in the County Warning Point procedure.
- 3. ESF13 will be activated or placed on standby upon notification by the Harvey County EOC. The representatives or designees of the coordinating agency will manage the emergency activities of ESF 13. If additional support is required, the ESF 13 coordinating and primary agencies may jointly manage ESF 13 activities.
- 4. Upon instructions to activate or placement of ESF 13 on standby, Harvey County Sheriff Office/Detention Center will implement procedures to notify all ESF 13 planning team members and, if necessary, mobilize all personnel, facilities, and physical resources likely to be needed, based on the emergency circumstance.

E. Actions
